Other News

Monthly Theme - Friendliness - The feeling of liking another; having a friendly disposition.

Conversations About School - Looking for a way to connect with your student? Ask questions that involve more than just a "yes" or "no" answer like "Pretend you're the teacher; how would you describe your day?", "How were you kind or helpful today?" or "How was someone else kind or helpful to you?" Making statements such as "Describe a book you enjoyed today," or "Let's see what you brought home today," will also help spark a conversation.

PTO News
